## Action Plan for Your Teagle Project Model

Over the course of the 3-day launch, your team will begin planning the design of your institutional-specific model for using JUHAN to equip students to address “great questions” of meaning and value, and of moral responsibility.

As a team, please discuss the various aspects of your plan and complete the table below.

- It is important for your team to consider your short-term (by semester or academic year) and long-term plans (over the course of the 3-year project).
